BREAK THE SILENCE... TALK ABOUT HIV

OUR CULTURE IS STRONG BREAK THE SILENCE... TALK ABOUT HIV

HIV and AIDS affect Aboriginal youth.
But knowledge is power against HIV.

**We are proud of our culture. We are ready
to break the silence surrounding sex, drug
use and HIV and AIDS in our communities.**

We have the right to information, services and
medicines that can keep us healthy.

We share our knowledge. We are connected.
We are part of the solution.

**Get the facts.
Share the facts.**
