4. In the event of a service disruption (e.g.: elevator out of service, entrance blockage etc.) affecting employees, clients, volunteers, contractors or members of the general public who are disabled, CATIE will take reasonable steps to report such disruption to its employees and service users who are disabled in a timely fashion through appropriate information channels. Notice of the disruption will include information about the reason for the disruption and its anticipated duration.
5. Personal assistive devices are permitted in all areas of CATIE and locations where CATIE delivers its services when not otherwise excluded by provincial law to which employees and volunteers have access. The provision, use and safety of personal assistive devices are the responsibility of the person with a disability.

CATIE welcomes staff, volunteers, service users and visitors who are accompanied by a support person, when the support person has been hired or chosen by the person with a disability to accompany them in order to assist in accessing goods or services and/or for the purposes of providing support with mobility, personal assistance and/or communication. Individuals who are accompanied by a support person are encouraged to inform relevant persons of their participation.
8. Where there are fees for admission, membership or participation in an event organized by CATIE, persons with a disability shall be expected to pay the same fee as other attendees, but no admission fee shall be charged to their support person. Membership at CATIE would not be required for the support person however that individual would be considered a non-member for official purposes (e.g., no right to vote at AGM, etc.).
