

2025 CALL FOR NOMINATIONS & NOMINATIONS FORM

CATIE Board of Directors

Every year, CATIE elects members to serve on its board of directors. Each director plays an important role in the governance of CATIE and influences the direction and future goals of the agency. CATIE’s board of directors seeks members with diverse skills, including legal and financial experience, strategic thinking, and experience in the education and healthcare fields. The board also seeks representation from communities disproportionately affected by HIV and hepatitis C in Canada, and in particular, seeks to increase representation on our board of people with lived or living experience of substance use, as well as Black, Indigenous, Asian and other racialized people. We are committed to improving the representation of racialized people by addressing how systemic racism continues to disproportionately affect racialized people’s access to positions of leadership in Canada’s HIV, hepatitis C and harm reduction response.

NOMINATION & ELECTION GUIDELINES

The deadline for receipt of nominations is **Sunday, July 20, 2025, noon EDT.**

Board elections are held in advance of the Annual Meeting with the results of the election announced at the annual meeting. Nominations received after the deadline, including nominations during the meeting, will not be accepted.

Any member in good standing may nominate another member of CATIE to stand for election to the board. CATIE’s records will be the final determinant as to whose membership is current and valid.

There are three categories of positions on the board of directors:

Regional directors

At-large directors

Indigenous director

- Directors are elected for a term of two years; approximately half are elected in alternate years.
- You are encouraged to nominate people with lived experience of HIV/AIDS, hepatitis C or substance use, who have the skills required by the CATIE board of directors.
- All members are able to nominate, stand for and vote in the election of at-large directors.
- The Indigenous director must be nominated by an organizational or individual member who identifies as Indigenous according to CATIE membership records. Only these members can vote for this position.
- For regional directors, both the nominee and their nominator must reside in the region represented. Regional director positions are voted upon by the membership within that specific region.
- CATIE requires that at least 50% plus one of its directors have lived or living experience of HIV, hepatitis C or substance use.
- During the election nominees may be removed from the ballot to meet the minimum requirements described above.
- Nominees and nominators are encouraged to review the 2025 Nominations and Elections Procedures for additional information.

THE FOLLOWING POSITIONS WILL BE ELECTED THIS YEAR

Five regional directors One Pacific director Two Western directors One Ontario & Nunavut director One Quebec director One Atlantic director	Two at-large directors One Indigenous director
